# 1. Introduction

In line with the strategic intent of the Department of Child Safety, Youth and Women (the department), Young People has been designated as an investment area for support services for young Queenslanders aged between 8 and 25 years.

## 1.1 Purpose of the investment specification

The purpose of this investment specification is to describe the intent of investment, the Service Users and identified issues, the service types, and associated service delivery requirements for services under Young People.

This investment specification is a guide for outsourced service delivery under the Young People investment area where all service types are linked to the achievement of specified outcomes. Investment specifications form part of a hierarchy of funding documents for the department. Investment specifications are informed by the three broad investment domains described in the investment domains guideline. Refer to Section 11 for more information and links to the investment domains guideline and related documents.

The department's procurement documentation underpins the business relationship between the department and the Supplier. The investment specification should therefore be read in conjunction with any procurement invitation documents, as well as contract documents or service agreements.

## 2. Investment intent

The Queensland Government is committed to investing in programs to achieve the best outcomes for young Queenslanders. The Queensland Government is committed to improving access to services, social connectedness and quality of life for young people.

To enable this vision the department collaborates and works closely with government and non-government agencies to deliver responsive and holistic services to young people across the state.

The department is standardising its investment approach to improve the line of sight from investment through to outcomes. Investment under Young People contributes to the following outcomes:

- young people access information that meets their needs
- young people receive streamlined and coordinated supports and services across agencies that match their individual needs
- young people's achievements are recognised and showcased
- young people have access to opportunities that increase their ability to attain personal and aspirational goals.

### 2.1 Context

The Queensland Government wants all young people to engage and participate in their communities so they can reach their full potential.

Most young people in Queensland are supported by a range of protective factors (families, friends, communities, school), which enable them to lead healthy and active lives. However some young people experience exposure to factors like family conflict and parental stress, abuse or neglect, poverty, housing stress, unemployment, disengagement from school, pregnancy and drug and alcohol misuse that increase risk of harm and negative life outcomes.

While many external factors influence these issues, the department's specific contribution will be to invest in services which will work effectively with Queensland's young people, connecting them to the information and services they need to participate positively and proactively in their communities.

The department will invest in community organisations to deliver outsourced services to:

- support young people at risk of disconnection, focusing service delivery effort on building connections to their families and the community
- provide a coordinated and integrated response to the complex needs of young people who are homeless or at risk of homelessness

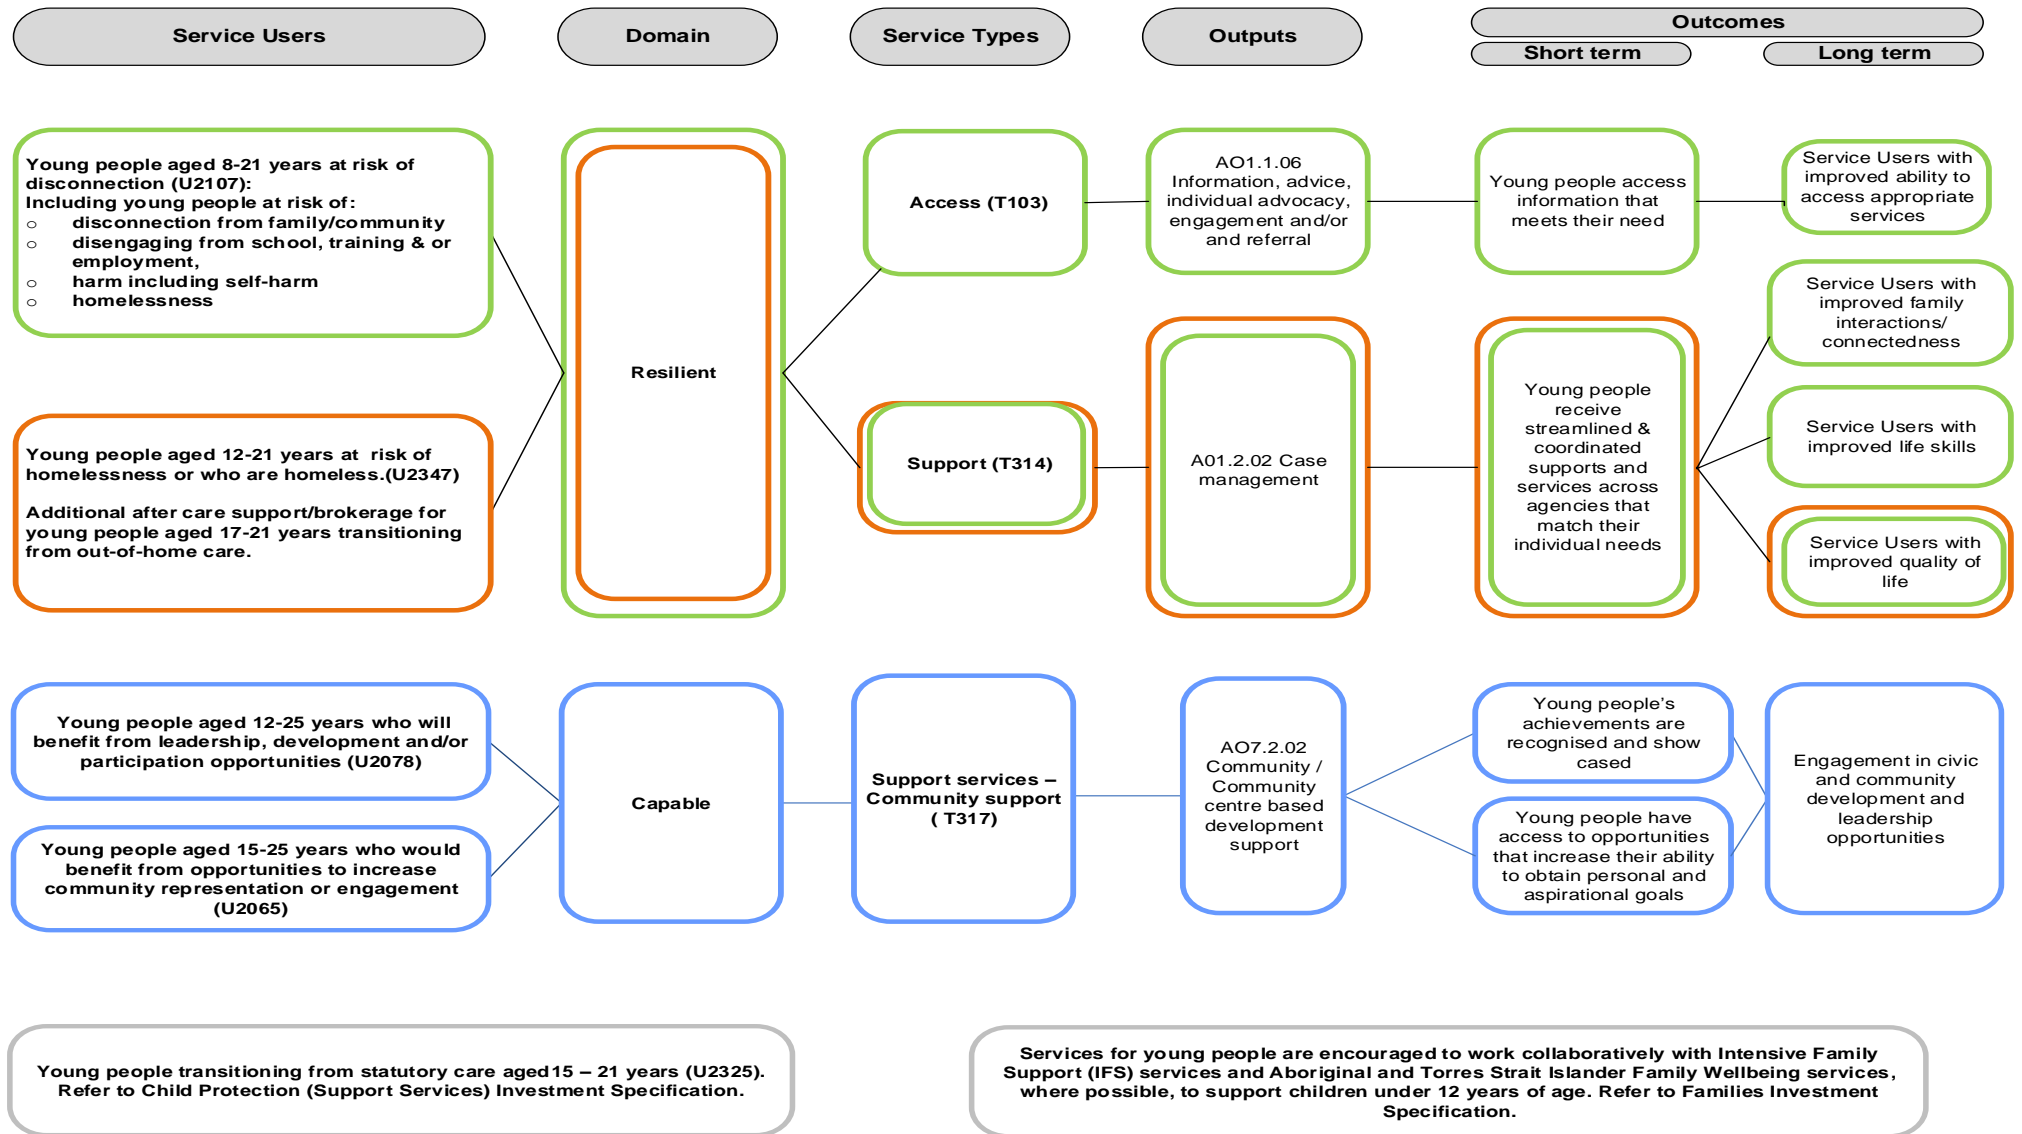

- be inclusive of all young people including Aboriginal and Torres Strait Islander young people, those from diverse backgrounds, and those experiencing barriers to participation.
- provide leadership, participation and development activities that encourage civic participation, build leadership and showcase young people's talents.

Services directed to young people will deliver on:

The Department of Communities, Child Safety and Disability Services [2017-2021 Strategic Plan](#).

The department also invests in services for young people under the *Child Protection (Support Services) Investment Specification*.

### 3. Investment logic

## 4. Service delivery overview

The table below provides an overview of the services users and service delivery types within the Young People investment area. This is not an exhaustive list. The department may from time to time update this investment specification in response to evidence and changing needs to invest in additional service delivery responses or different combinations of responses.

Please refer to the most up to date version of this investment specification on the department's website.

Service Users	Service types
Young people aged 8–21 years who are at risk of disconnection <b>(U2107)</b>	Access – Information, advice and referral (T103)
	Support – Support and case management (T314)
Young people aged 12–21 years who are at risk of homelessness, or who are homeless <b>(U2347)</b>	Support services – Support and Case management (T314)
Young people aged 12–25 years who will benefit from participation, leadership and development opportunities <b>(U2078)</b>	Support services – Community support (T317)
Young people aged 15–25 years who will benefit from opportunities to increase community representation or engagement <b>(U2065)</b>	
Young people transitioning from statutory care – aged 15–21 years <b>(U2325)</b> Refer to <i>Child Protection (Support Services) Investment Specification</i>	Support – Transition to Independence (T329) Refer to <i>Child Protection (Support Services) Investment Specification</i>

### 4.1 Description of service types

Access Services assist individuals and families to connect with available supports, and is delivered through information, advice and referral. Access services can also link young people to community-based activities and events.

Support is delivered through advice, information, individualised case management or case coordination, and referrals to other local services such as Intensive Family Support (IFS) and Family Wellbeing (FWB) services. Services are encouraged to form collaborative partnerships with specialised service providers within the local region to ensure the best outcome for the young person.

The service types in section 7 provide details of the range of supports provided to Service Users under the Young People investment area.

## 5. Service delivery requirements for all services

### 5.1 General information for all services

Outsourced services under the Young People investment area must comply with the relevant statements under the heading of Requirements as specified in the service agreement. Suppliers should review the relevant best practice statements and guidance provided under the heading of Considerations.

Requirements for all services are outlined in Section 5.1.1. Service delivery requirements for specific Service Users and service types are outlined in Sections 6 and 7 below.

#### 5.1.1 Requirements for all services

There are no specific requirements for all services.

#### 5.1.2 Considerations for all services

Services should demonstrate a high level of coordination with other services and agencies, e.g. education, health and housing services that can provide immediate and ongoing support to young people.

## **6. Service delivery requirements for specific Service Users**

### **6.1 Young people aged 8–21 years who are at risk of disconnection (U2107)**

#### **Including young people at risk of:**

- disconnecting from their family, community or support network
- disengaging from school, training and /or employment
- harm including self-harm
- homelessness.

#### **Purpose of investment:**

To deliver a range of services that support young people in Queensland who are not supported by protective factors (families, friends, communities, school) that enable them to lead healthy and active lives.

This could be due to exposure to risk factors that may increase young people's vulnerability to harm and negative life outcomes. For example - family conflict and parental stress, abuse or neglect, poverty, housing stress, unemployment, disengagement from school, pregnancy and drug and alcohol misuse.

Suppliers will provide consistent assessment to identify appropriate individual responses for vulnerable young people to help them achieve positive life outcomes. These will be available for the duration of the young person's needs, from short to longer term. Where required, Suppliers will facilitate the delivery of effective and coordinated support to young people, including those with multiple and/or complex needs.

The intensity of support provided will be determined by the needs of the young person.

#### **6.1.1 Requirements – Young people aged 8–21 years who are at risk of disconnection**

##### **The Supplier must:**

Identify and provide the most appropriate response and/or suitable referral in accordance with the presenting level of need and circumstances of the young person.

#### **6.1.2 Considerations – Young people aged 8–11 years who are at risk of disconnection**

##### **The Supplier must:**

Ensure young people aged 8–11 years are only offered a service if a sibling aged 12 years or older is already receiving support or in the context of working with the family. Services should work collaboratively with an Intensive Family Support (IFS) or Family Wellbeing (FWB) service where possible to ensure the best outcome for children under the age of 12 years.

##### **Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

### **6.2 Young people aged 12–21 years who are at risk of homelessness, or who are homeless (U2347)**

#### **Including young people who:**

Have been sleeping rough or living in unstable or temporary housing arrangements.

#### **Purpose of investment:**

To support young people to access and maintain safe and stable accommodation.

Provide access to information and advice which will assist the young person to connect with their family and/or supports and services in the community.

To assist young people to transition to greater stability and independence by providing case management support and two options of brokerage:

- to purchase goods and services for the direct benefit of young people 12–21 years in line with case plan goals
- to provide After Care support and/or goods and services in line with case plan goals to young people aged 17–21 years transitioning from out-of-home care.

### **6.2.1 Requirements – Young people aged 12–21 at risk of homelessness or homeless**

#### **The Supplier must:**

Provide an initial assessment to identify the housing, employment, training and education support needs of the Service User.

Undertake comprehensive, ongoing assessment of the Service User's support needs.  
Provide planned support to assist young people to reach their case plan goals and review progress throughout the support relationship.

Provide the department with data by entering into the relevant Service User Management System or reporting template as provided by the department.

### **6.2.2 Considerations – Young people aged 12–21 at risk of homelessness or homeless**

Brokerage funds, as a component of support, are used to purchase goods and services for the direct benefit of Service Users in line with case plan goals and service agreements.

#### **Service delivery mode options:**

- Centre-based
- Accommodation
- Mobile
- Virtual

## **6.3 Young people aged 12–25 years who will benefit from participation, leadership and/or development opportunities (U2078)**

#### **Purpose of investment:**

Develop, implement and/or support activities and/or events that aim to raise awareness of social issues or a social issue.

To promote and contribute to events across the state leading into and during Queensland Youth Week (QYW) as an opportunity to celebrate the achievements of young people, develop young people's leadership skills, and promote a greater sense of community connection through the engagement of young people in positive activities.

Develop an integrated marketing and communication strategy to support QYW in Queensland to promote participation by young people in QYW activities in Queensland and effect positive community attitudes towards young people. Mandatory elements of the campaign strategy include the development and implementation of a ministerially approved creative concept.

### **6.3.1 Requirements – Young people aged 12–25 years who will benefit from participation, leadership and/or development**

#### **The Supplier must:**

Develop and deliver a marketing and communications campaign for QYW in Queensland including promotional material and branded promotional collateral. Any promotional material produced is to include the QYW logo. Promotion for QYW across Queensland should commence in January each year.

### **6.3.2 Considerations – Young people aged 12–25 years who will benefit from participation, leadership and/or development**

Nil.

**Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

## **6.4 Young people aged 15–25 years who will benefit from opportunities to increase community representation or engagement (U2065)**

**Purpose of investment:**

To provide opportunities to build young community representative's skills to influence community and public decision making by equipping them with knowledge of Queensland's Parliamentary system.

### **6.4.1 Requirements – Young people aged 15–25 years who will benefit from opportunities to increase community representation or engagement**

**The Supplier must:**

Undertake a process to encourage nominations from young people with diverse backgrounds.

Assess and select 93 young people from diverse backgrounds to participate, comprising of one young person per electorate with the proviso that at least four seats are allocated to a person who identifies as Aboriginal and/or Torres Strait Islander.

Develop capacity building activities and deliver two residential forums in Brisbane, with the initial launch to be delivered during Queensland Youth Week where possible.

Develop and coordinate networking activities with other young people, government and other relevant agencies to encourage young people to interact with their local community and key stakeholders to develop and implement one community action plan per participant.

Submit quarterly milestone reports and an annual report using the approved templates.

### **6.4.2 Considerations – Young people aged 15–25 years who will benefit from opportunities to increase community representation or engagement**

Nil.

**Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

## **7. Service delivery requirements for specific service types**

Paid employees who work with children and young people must hold a blue card or an exemption card if their work falls into a category of regulated employment and they work, or are likely to work, for at least:

- eight consecutive days, or
- once a week for each week during a period of four weeks, or
- once a fortnight for each fortnight during a period of eight weeks, or
- once a month for each month during a period of six months.

### **7.1 Access – Information, advice and referral (T103)**

**Purpose of investment:**

Services that assist Service Users and community members to make informed decisions about, or be connected to, the services and support that they need. These responses are an important aspect of both prevention and early intervention approaches and involve preliminary needs' identification for the purpose of identifying appropriate service and support options.

### **7.1.1 Requirements – Information, advice and referral**

#### **The Supplier must:**

Provide an initial assessment, including safety planning, to identify the most appropriate assistance available in accordance with the level of need and circumstances to support the needs of the Service User.

Provide prevention and early intervention supports requiring low intensity support and/or referral to other provider/s better placed to meet presenting issues and/or connect to community supports.

Provide information and advice which will assist the Service User to connect with their family and/or supports and services in the community.

Facilitate a supported referral process, where needed, to the most appropriate mainstream and specialist services e.g. drug or alcohol, education, mental health, homelessness services. This is an indicative, not exhaustive, list.

Facilitate practical support until appropriate referral is completed.

Provide the department with data by entering into the relevant Service User management system or reporting template as provided by the department.

### **7.1.2 Considerations – Information, advice and referral**

The department will provide tools to Suppliers to assist in their practice. Incorporation of these tools into practice is strongly encouraged.

The department will deliver or facilitate the delivery of information, training and development events to support best practice. Participation in these events is strongly encouraged.

Services will be accessible and available to the target group, including through out of school and extended hours in response to local need.

A collaborative approach through partnerships and coordinated responses is encouraged to improve Service User outcomes and minimise the duplication of services. Brokerage funds are provided by this service type to Service Users whose needs will be reduced or extinguished without the need for further, more intensive intervention.

#### **Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

## **7.2 Support – Support – Case management (T314)**

Case Management is a collaborative, Service User-centred process aimed at empowering and working with Service Users to effectively meet their individual needs and to increase their self-reliance and independence.

Case management incorporates direct Service User support, based on identification, assessment and planning for Service User needs, and the coordination of access to a range of other appropriate services, such as housing, counselling, or skills' development.

### **7.2.1 Requirements – Case management**

#### **The Supplier must:**

Assess Service User needs combined with an initial and ongoing risk assessment and safety planning as needed.

Provide support and assistance to Service Users assessed with medium to high level of support needs through case management. Service User Progress must be reviewed throughout the support relationship.

Assist Service Users to achieve their goals by providing individual, practical and well-planned assistance focused on issues and barriers related to, or resulting from, the four key areas of concern – family conflict, homelessness, harm, including self-harm and/or unemployment.

Facilitate social contact with family and friends and forming new social networks, as needed.  
Facilitate access to education, volunteering, employment and leisure activities.

Provide practical and/or interpersonal assistance e.g. accessing income support payments, arranging transport to assist Service Users to attend appointments.

Assist and support referrals to facilitate access to specialist services or integrated services including drug or alcohol, mental health, housing services, legal services, domestic and family violence support, general health services, budgeting and debt management and any other mainstream services as required. This may include establishing and participating in case panels between services to support the Service User's goals.

Provide the department with data by entering into the relevant Service User Management System or reporting template as provided by the department.

## **7.2.2 Considerations – Case management**

The department will provide tools to funded organisations to assist in their practice. Incorporation of these tools into practice is strongly encouraged.

The department will facilitate access to information and resources to support best practice.

Services will be accessible and available to the target group, including through out of school and extended hours in response to local need.

The Supplier must consider prioritising referrals from other Access and Support services for existing Service Users transferring between services funded under the Young People Investment Specification. This supports continuity of service if a young person moves to another geographical location or if a Supplier closes the service.

A collaborative approach through partnerships and coordinated responses is encouraged to improve Service User outcomes and minimise the duplication of services.

Brokerage funds, as a component of support, are used by this service type to purchase goods and services for the direct benefit of Service Users in line with case plan goals.

### **Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

## **7.3 Support services- Community support (T317)**

Services that promote greater public awareness of social issues and enhance individual and community group capacity.

### **7.3.1 Requirements – Community support**

#### **The Supplier must:**

Develop opportunities for young people to participate in programs, events, activities, and/or projects designed to develop their skills and support them in reaching their full potential.

Include young people in program and/or project development including consultation, design, delivery and evaluation.

Provide opportunities for young people to express their ideas and views, raise issues of concern to them, and act on issues which affect their lives leading them to become engaged, resilient citizens.

Provide opportunities for the wider community to listen to young people and acknowledge and celebrate the positive contributions made by their efforts and achievements.

Support young people to positively connect with their families, friends and social networks.

Deliver programs/events/activities/projects in a culturally appropriate manner.

### **7.3.2 Considerations – Community support**

Nil

#### **Service delivery mode options:**

- Centre-based
- Mobile
- Virtual

## **8. Service modes**

A service can be delivered through one or more of the following modes to meet the individual, geographic and cultural needs of the Service User group including:

- Centre-based – Services are provided face to face on the service's premises; a fixed location that young people and families can visit.
- Mobile – Outreach services are provided in any location(s) other than the service's premises.
- Virtual – Services may be delivered over the telephone, email or internet.

## 9. Deliverables and performance measures

The following deliverables and performance measures are funded under the Young People funding area. The service agreement will identify the relevant outputs and measures for each service outlet, the quantum to be delivered and the range of measures to be collected and reported.

**Counting rules descriptors and reporting examples:** For counting rules, detailed descriptors and examples please refer to the [Catalogue \(Version 1\)](#).

**Outcome measurement:** All quantitative reporting on outcome measures can be supplemented with **optional** qualitative evidence. Qualitative reports can be uploaded to OASIS using IS70. As qualitative reporting is optional the IS70 code will not appear in agreements but will be visible in OASIS.
