Section 3	Proprietor's Declaration
I hereby certify that: <ul style="list-style-type: none"> • The claimants on whose behalf a rebate is claimed, were residents of the above premises for the period of the account on which the rebate is claimed and have been charged separately for this electricity supply; and • The Queensland Government Cost of Living Rebate payment detailed on this claim is only for those consumers who meet the definitions of Residential Claimants detailed on this form; • Customers will receive the full benefit of the rebate (i.e. not diminished by for example, GST calculations on the bill). For customers whose bills are in credit, application of the Rebate means that these customers will have the \$175 credit carried over to their next bill, and any subsequent bills until they are no longer in credit; • All rebates claimed will be passed on to the claimants by way of reduction in charges for electricity in accordance with my 'deemed' or 'registered' retail exemption conditions with the Australian Energy Regulator; and • This claim is a true and correct assessment of the total number of persons for which the rebate is claimed and the amount relating thereto. I consent to the Electricity Retailer passing on information to the Department of Families, Seniors, Disability Services and Child Safety and the Department of Customer Service, Open Data and Small and Family Business (Digital Customer - Smart Service Queensland) to enable payments for the rebate.
